

Do you have patients with DD that are school age?
Teenagers? Young adults?

DDPCI Health Care Transition Tools and Resources for Families and Caregivers of Youth with Developmental Disabilities

This document can be accessed on the Primary Care page of the Surrey Place Centre website:
<http://www.surreyplace.on.ca/primary-care>

July 2014

Please check out this resource, prepared by the [Developmental Disabilities Primary Care Initiative](#), focused specifically on supporting effective transitions from pediatric to adult services.
