

Local Health Integration Network (LHIN) 13 & 14: North East & North West*

674 grades 9-12 students in this area participated in CAMH's 2013 Ontario Student Drug Use & Health Survey (OSDUHS). Highlights from the *Mental Health and Well-Being* report include:

Similarities to Ontario's estimate:

For the North East & North West LHINs, there were no significant differences for mental health indicators compared to Ontario's estimate.

*Due to small sample sizes the North East and North West LHINs were combined.

** Coexisting problems include: psychological distress, antisocial behaviour, hazardous/harmful drinking, or a drug use problem.
